BOARD OF EDUCATION

SENIORS OF 1960: GREETINGS AND CONGRATULATIONS

It has been great to have been associated with you during the past three years. I have seen most of you develop from a teen-ager to young men and women. Most of you have made these years profitable and pleasant.

You are America's greatest asset. Your value is increased as your education is advanced. Many scholarships are being offered to deserving young persons so that they can continue their education. We at Central urge each of you seniors to continue your education; make the most of your life; be of real service to yourself and to others.

So dedicate this day and every day to developing your mind, your talents, and your heart, to the development of your imagination and faith, and your worth will be immeasurable.

B. L. WERTZ, Principal

SENIORS OF 1960

Again I have the pleasure and the honor of congratulating another fine Senior Class. You have shown by your hard work and perseverance needed to earn your high school diploma that you have the fine qualities to succeed at whatever task you may decide to undertake. Please always keep in mind that you have the qualities to succeed at whatever task you may decide to undertake. Please always keep in mind that you and your services to your fellowman are urgently needed at all times. This need for your contribution to your country will be in proportion to your preparation to do the things that you are called upon to do. Therefore, may I admonish you to continue this preparation to do the things that you are called upon to do each year of your life.

Best of luck, and many successes.
